### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art of record do not teach or suggest, in the claimed combination thereof, an electrical connection arrangement for an ignition coil, comprising:

a coil shell having a secondary winding including at least one contacting area;

*a contact sleeve at least partially slit lengthwise and configured to be placed over the at least one contacting area, the contact sleeve having an inner side configured to cooperate with the coil shell, and the contact sleeve having at least one contact clip with contacting elements on a side facing the coil shell; and*

*a cup-shaped formation of the ignition coil configured to receive the contact sleeve;*

*wherein the contacting elements are configured to break through an insulting layer surrounding the secondary winding during the installation of the contact sleeve in the cup-shaped formation to achieve contact with the secondary winding.* [note: the patentable features are in italic font]

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
